

SPEPS

(Special call for excellent papers on hot topics)

投稿および企画提案募集のご案内

Progress in Earth and Planetary Science (PEPS) では、主に日本地球惑星科学連合大会のセッションや国際シンポジウムの発表、各種研究プロジェクトの成果等を取りまとめて出版するために、開放型の特集号 SPEPS collections を提供しています。

SPEPS に投稿された論文は、通常論文と同様の査読を経て、受理・著者校正後速やかに PEPS で出版されると共に、各 SPEPS collection のページにも順次追加され、収録論文は on-line で一括してご覧いただけます。

出版された SPEPS は下記でご確認いただけます。

http://progearthplanetsci.org/articles_on_speps.html

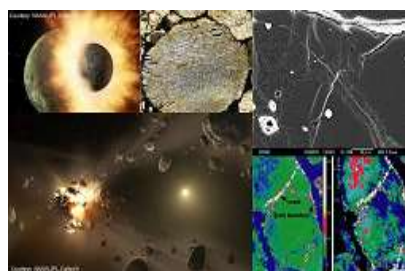

<https://progearthplanetsci.springeropen.com/>

SPEPS の新規提案は随時募集しています。JpGU meeting 2021 のセッション発表や研究プロジェクトの成果を効果的に公開する場として、SPEPS collections をぜひご検討ください。

また、現在論文募集中の SPEPS へのご投稿もお待ちしています。

詳しくは PEPS 事務局 peps_edit@jpgu.org までお問い合わせ下さい。

Thermal, dynamical, and chemical processes in our early Solar System

Open for submissions
until May 31, 2021

Quaternary and Future Earth:
Harmonious Coexistence of
Climate and Humans

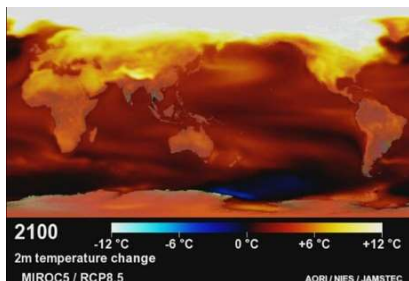

Closed for submissions
on March 31, 2021

Variability of the Sun and Its
Terrestrial Impact – VarSITI – 5-
year summary review

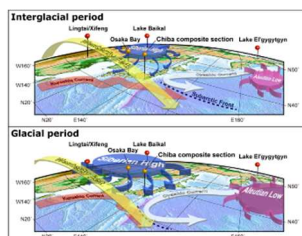

Closed for submissions
on January 31, 2021

Projection and impact assessment of global change evaluation

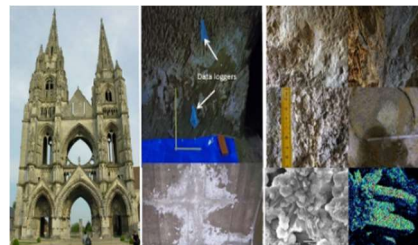

Completed April 30, 2021

Stratigraphy and paleoclimatic/paleoenvironmental evolution across the Early–Middle Pleistocene transition in the Chiba composite section, Japan, and other reference sections in East Asia evaluation

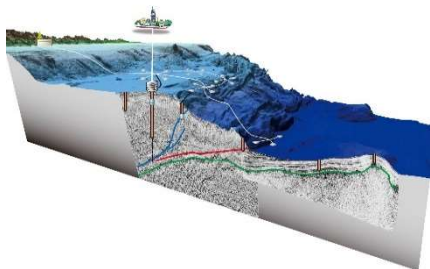

Closed for submissions on June 30, 2020

Conservation of geoheritage and cultural heritage: properties, weathering processes, damage assessment and non-destructive

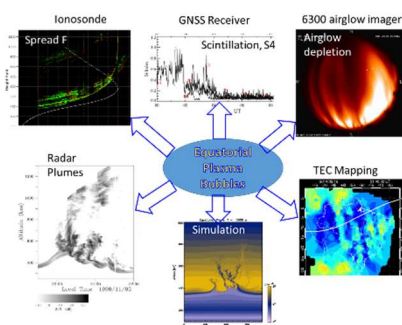

Completed May 7 2021

Subduction-zone megathrust earthquakes: New perspectives from insitu data & laboratory analyses

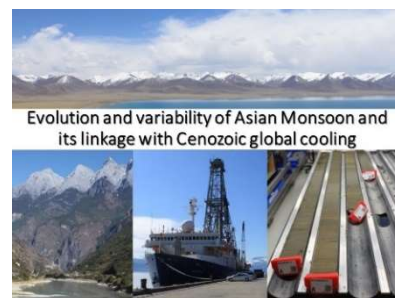

Publication started: June 5, 2018
Completed: April 25, 2019

Ionospheric plasma bubble seeding and development

Publication started: December 12, 2017
Completed: February 1, 2019

Evolution and variability of Asian Monsoon and its linkage with Cenozoic global cooling

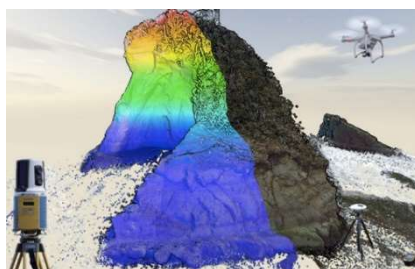

Publication started: December 14, 2017
Completed: January 15, 2019

Asian monsoon hydroclimate

Publication started: August 15, 2017
Completed: August 26, 2019

High-definition topographic and geophysical data in geosciences

Publication started: February 7, 2017
Completed: December 24, 2018

High-Pressure Earth and Planetary Science in the last and next decade

Publication started: November 16, 2015
Completed: December 15, 2016

Land-Ocean Linkages under the Influence of the Asian Monsoon

Land-Ocean Linkages under the influence of Asian Monsoon

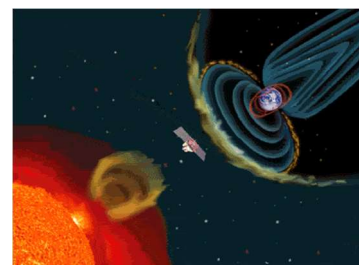

Publication started: June 27, 2015
Completed: August 22, 2016

Multidisciplinary Researches on Deep Interiors of the Earth and Planets

Publication started: June 24, 2015
Completed: February 17, 2016

Understanding of the Climate and Weather of the Sun-Earth System (CAWSES II) - SCOSTEP's International Program (2009 – 2013)

Publication started: November 11, 2014
Completed: September 17, 2015
